## EDUCATION

Strathmore University	Nairobi, Kenya
Bachelor of Science in Informatics and Computer Science	2019 - 2023
Coursera certificate (Johns Hopkins University)	Nairobi, Kenya
HTML, CSS, JavaScript for Web Developers	Dec. 2020
WORK EXPERIENCE	
E <b>clectics International Limited</b> Software Development intern	Nairobi, Keny Feb. 2023 – Mar.202
• Prepared technical documentation and designed high-level diagrams for software products	
• Developed functional applications using Spring Boot, Angular and Android Studio IDE	
Provided APIs for mobile applications and web applications	
Integrated Spring Security with JWT Authentication and Authorization	
Tested applications and provided support for mobile applications	
• Troubleshot and debugged applications	
• Deployed applications to the servers and maintained them	
National Hospital Insurance Fund (NHIF) ICT intern	<b>Nairobi, Keny</b> Jan. 2023 – Feb.2023
<ul> <li>Assisted in subnetting to improve on network efficiency</li> </ul>	
Installed, fixed and updated software for computers	
Provided IT support to the employees	
Configured VoIP phone for communication within the organization	
ACADEMIC PROJECTS	
Strathmore University	Nairobi, Keny
Malware Classification using Convolutional Neural Network	Sep. 2022 – Dec.202
• Trained a machine learning model using CNN to classify grayscale images of	
Malware in Google Colab	
	ses
• Used the model to classify gray scale images of 25 malware classes into their various class	ses
Used the model to classify gray scale images of 25 malware classes into their various class Deployed the model using the Django framework	ses
Used the model to classify gray scale images of 25 malware classes into their various class Deployed the model using the Django framework LEADERSHIP	Nairobi, Kenya
